

## Two Best Practices

The principle of a healthy mind and a healthy body was adopted by the college for the career oriented development of the girl students. Daily yoga and use of library were made compulsory. Our experiment proved to be effective. From the experience of the last 17 years and review of the results, it was seen that the performance of the girl students has been remarkable. In the session 2021-22, the university awarded Gold Medal and Bronze Medal in MA Home Science, Silver Medal in Urdu and Education in Education. Due to healthy competition, two girl students got silver medal for getting equal marks. One girl student from Urdu cleared NET exam along with fourth semester of MA. Most of the B.Ed girl students today are teaching as teachers. This is our model. Evidence of success.
